

The Republicans are growing largely over the result in California. We can't see what they have to crow over. There were 154,970 votes cast of which the Republican candidate received but 66,282, 88,688 votes were cast for the opposite candidates, thus showing the Republicans to be largely in the minority.

LAST, but not least, the Ohio County News has swallowed the bait hook and all thrown out by Jo Mullanthal. He wrote to a St. Louis paper a canard about the sale of the Mammoth Cave, which was exposed the second day afterwards, but the News has not found it out yet.

We have always known that the factors of an editor had a moralizing and Christianizing influence upon him. Another proof of this has just been received. Bro. Ben Deering, of the Lexington Transcript, has vacated the editorial chair and gone to take charge of a church in Colorado.

The Catholic Total Abstinence Association of America met in Detroit, Mich., on the 17th inst., in their ninth annual session. Delegates were present from over 500 societies representing nearly 100,000 members, and the society is represented as growing quite rapidly.

The Republican papers have been trying to manufacture capital in some quarters by predicting that Jeff. Davis would be a candidate and elected to the U. S. Senate from Mississippi. He has been interviewed by the editor of the Brookhaven (Miss.) Ledger and in response says even if his political disabilities were removed he would not be a candidate in any event; and he thinks from present indications that it is by no means probable that his disabilities will be removed.

SINCE John Kelley, the leader of the Tammany ring, led the New York Democratic Convention and held another, and was himself nominated for governor, Tammany seems to be going to pieces quite rapidly, as it should. Ex-Governor Jno. T. Hoffman, State Senator Thos. C. E. Baughman, Ex-Assessorman L. C. Wolmer, Ex-Alderman Wm. J. Cole and Matthew P. Green have resigned their positions in the Tammany organization and severed their connection therewith and avowed their intention to vote the regular Democratic ticket. It would seem that there is a good prospect after all for the Democrats to carry New York this fall, which event assumes a Democratic victory in the Presidential election in 1880.

We see from our exchanges that there are several aspirants for Door-Keeper of the Lower House. We hope those having a voice in the matter will give due weight to the claims of our fellow-citizen, Mr. Frank Chinn. He can discharge the duties of the office as faithfully as any of the candidates. He lives in a part of the State that has never been given any of the leaves and fishes, and it is now our time. Mr. Chinn is a poor man and the emoluments of the office would be greatly appreciated by him. He was in the confederate army through the whole war and came out without money or health and has had a hard tug to live since. He claims no credit, nor do we refer to his confederate record for the purpose of claiming anything for him on that score. We mentioned it to show the cause of his bad health and needy condition. Mr. Chinn is worthy, qualified and needy. Give him the place.

**Bread Stuffs.**  
We see from an editorial, clipped from the News, of London, England, that the deficiency of bread stuffs in Great Britain, and which they will have to purchase from America and other foreign countries, will cost them over \$200,000,000. While this looks gloomy to the citizens of Great Britain, it brings to mind the old adage "It is an ill wind that blows good to no one." The demand for bread stuffs in England makes a market for our immense crop of wheat which would otherwise be almost useless; but all the surplus of wheat will be in good demand at good figures. Farmers and holders of wheat need not hasten to fool it away because of the decline in price. This decline was only a reaction caused by an advance beyond the limit that could be maintained by the laws of supply and demand.

**A New Greenback Organ.**  
D. L. Adair has commenced the publication of a weekly paper at Haverhill, which he calls "The Ballot." It is a four page six column paper and is devoted to the Greenback cause politically and the initial number is well edited and neatly printed. He proposes to furnish a supplement of literary matter about half as large as the main paper with each issue. Terms, \$1.50 per annum.

**Destitute Fire.**  
A fire at Deadwood City, D. T., on last Friday morning, destroyed about 125 business houses, 60 dwellings and \$1,500,000 of property and rendered about 2,000 people destitute and homeless. The property was nearly all uninsured, only about \$100,000 on the whole of that destroyed.

POSTMASTER Wing has received instructions from the Postoffice Department at Washington to place an agent on the O. & N. railroad. This means that we are to get the mails per train on and after the first of October.—Owensboro Messenger.

#### John S. Moore Acquitted.

The trial of John S. Moore, for the killing of Stearnman came up in the Ohio Criminal Court again last week. The contest was a spirited one, the counsel on both sides putting forth their best efforts; but the shrewdness, ability and legal attainments of Hon. E. D. Walker proved too much for the countenances. Moore was acquitted, the jury agreeing in a short time. Mr. Walker's argument before the jury was pronounced by those who heard it to be one of the ablest efforts of his life, which is saying a great deal. Moore was convicted on a previous trial and sentenced to nine years in the penitentiary. The judgment was appealed and reversed, and now, thanks to the good management of the case by his attorneys, Walker & Hubbard, more than to any other cause, he goes free.

#### Restrictive Fire in Livermore.

On last Saturday morning about 10 o'clock the livery stable of John Hudson was found to be on fire. We did not learn the name of the person occupying the stable. From this it spread nearly all over the little village, consuming sixteen houses, among the number is the Southern Methodist church, Field's grocery house, Hillsman's drug store, Talley's Grocery. There were five vacant store houses burned. There was no insurance on any of the property consumed so far as we can learn. We understand that Capt. Bell had a large lot of tobacco in Field's warehouse, and that his losses are about five hundred dollars. S. W. Rowan lost about five hundred dollars damage to goods, which is covered by insurance. Capt. Bell estimates the loss at eighteen thousand dollars. The fire is supposed to be the work of an incendiary. On last Wednesday night an old store house adjoining the livery stable was found to be on fire, which, by extra effort was extinguished, and it was thought to be the work of an incendiary. This is quite a blow to the little village and it will take it a long time to recover. We are indebted to Mr. Sam T. Barnett, who was on the grounds just after the fire for the particulars given herein.

LIVERMORE.—The organ of the Methodist church at Livermore was also burned, which cost a considerable amount of money. The livery stable burned was occupied by Mr. Bridges. He also lost his dwelling house, which belonged to Mr. Bell, of Owensboro.

#### A Card from Mr. P. E. Hocker.

BEAVER DAM, Ky., Sept. 28, 1879.  
Editor Herald:  
Seeing from last week's HERALD that I am getting to be a very noticeable personage, I have concluded to write a little. "Henri" in his letter tries to make it appear that I am a very hard man to get along with, and exaggerates to the enormous extent, that in my school I would not allow one pupil to speak to another pupil of different sex, though of the same parents. Every one about Beaver Dam knew letter, and "Henri" too. "Henri" just wanted to publish a wicked lie for a willful malicious purpose. Every sensible man or woman who knows me can tell you this statement for a moment. That I would make such requirements as that of my pupils would be a great reflection upon the Board of Examiners who gave me my certificate, and a still greater stigma upon the trustees of this district, who were the majority in making these laws, all of whom are gentlemen of the highest sense of honor and right. After consultation with the trustees and mutual agreement with them, I did make this restriction, that no pupil will be allowed to escort or be escorted by another pupil or any one else, or have any general conversation, such as would lead to a courtship, during the school term. Since becoming guilty, I suspended them, and I believe the common school law sustains me.

There being some young men attending who are their own guardians, the trustees thought it proper for their benefit, though the law does not require it, to call a meeting of the patrons and see what the general sentiment would be. They did so and all, except one, heartily endorsed my course, and recommended that the trustees and the teacher attend to the matter themselves. The trustees concluded that they would allow them (the pupils) to control themselves on Saturday and Sunday, but that we would hold them to the strict requirements of the law the remaining time. Now, I submit to what they say, though I am fully satisfied it is not best. "Henri" has been writing as much about me as I want to hear unless he can have a better regard for truth. If what he wrote was true it would not be courteous, polite, nor manly in him to have it published, nor would it do him any good. In one of his former letters he said in substance that I was popular with two or three persons here. "Henri," if you want to see who has the most friends here, you or I, just come along and we'll count most any day. I am quite willing to submit to the verdict given by the people here as regards our character and general deportment while we have been, and are citizens of Beaver Dam. I sincerely hope "Henri" that you will get out of the dirt, be a man, and so reform your life that you will be respectable here. This is the sincere desire of one who wishes you no harm, but longs for your greatest prosperity.

Respectfully,  
PHILIP E. HOCKER.

**Editor Herald:**  
A new visitor last night furnishing the children with new shoes for the winter. Jack is all right—saving our corn from being rotted by the fall rain, it being so badly blown down. Mrs. Mosley has recently moved into our neighborhood. We find her to be a very nice lady, and Ben, her oldest son, is one of the finest fellows we know of, having supported a widowed mother and two little children, since 14 years of age, and yet he gets the girls think him all right.

Hines & Co. have completed their new dam. J. W. Thomas says he likes Beans better this year than he ever did, especially Miss—, you all know.

"Torch," I care nothing about how large your chickens are, I only spoke of ours to let you know something about what we have up here. I can only boast of four chickens in one respect, our eggs sell for more than your chickens do at frying time, and as to your shot, you had better save your ammunition for sure game. I am ready for you.

Mr. Charles Blacklock and family, who have been visiting relatives for several weeks past, returned home last Friday evening. They were accompanied by Miss Sallie Gentry, of Princeton, Ind., grand daughter of Major T. J. Barrett. She will remain several weeks visiting relatives.

Sent us the HERALD—can't do without it.

#### Baptist Sunday School Convention.

A Baptist State Sunday School Convention will be organized Oct. 14th, at the Walnut Street Baptist Church Louisville, at 10 o'clock, A. M., and will hold its session two days. Each Sunday School is entitled to at least one delegate, and one additional for every fifty members of the school. #### Act Back 23 Years.

"I was troubled for many years, with Kidney Complaint, Gravel, &c.; my blood became thin; I was dull and inactive; could hardly crawl about; was an old worn out man all over; could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth a trial.—FATHER.

#### PERSONAL.

Mr. J. D. Crow, of this county, called to see us last Thursday. He left Friday for Bethany, West Virginia, where he will attend Bethany College the present session. Mr. Crow attended this Institute of learning last session and is well pleased. He favors this Institute because of its thoroughness and also because it allows students to take their positions in the different classes that their attainments entitle them to. Mr. Crow is a hard student, and we wish him success.

Mr. Claude L. Berry, for some time local editor of the Madisonville Times, has resigned his position and engaged in the legal profession.

Wm. T. Miller, clerk of the Grigsby House, Calhoun, Ky., is in attendance at our Fair. We had the pleasure of a call from him while here.

Judge R. S. Mosley is on a business trip to Evansville.

#### Mellory Coal in Demand.

We have just laid in our coal for the winter. Last year we burned Pittsburg coal at the cost of 18 cents per bushel. This fall Gen. Dawson proposed supplying us with coal from the Mellory mines at the cost of 11 1/2 cts. The difference in price was so marked, that we determined, notwithstanding our predisposition in favor of Eastern coal to give the Mellory a trial. We believe for all ordinary purposes this coal is fully equal to the best Pittsburg, and certainly our people will no longer send their money out of the State and pay 50 per cent more for coal when the Mellory mines furnish coal just as good and at such small cost. Gen. Dawson will take orders for this coal, delivered at the depot at Manfordsville or Rowlets, at 11 1/2 cents per bushel. This is cheaper than wood if it costs you nothing but the chopping.—Hart County Democrat.

#### Lost.

A Coral necklace. The finder will please leave it at the HERALD office.

#### News Extraordinary.

Mr. Will Goldstein, the optician of Owensboro, Ky., is in town and will remain here during the fair week. Those with weak or failing vision would do well to see Mr. Goldstein and have a pair of spectacles adjusted to their eyes. He would relieve and preserve the eye. He has rooms at the Hartford House.

#### Something New in Backport.

R. Torrence & Co. have a steam thring mill now in successful operation in Backport, and can make as good flour and meal as any mill in the Green river country. All custom work done with dispatch. They want to lay wheat and sell flour. Give them a trial. 36-11

#### Save Your Sight.

You can do so by going to Mr. Wm. Goldstein, a skillful optician who is enabled to give you relief, and strengthen the eyes with the best quality of spectacles. Pebble and crystalline lenses inserted in old frames, and spectacles repaired on short notice. Office at the Hartford House.

#### HARTFORD HONORED.

A Lady of Hartford Receives Commendation from Mrs. F. S. Grant.

SAN FRANCISCO, CAL., Sept. 20, 1879.

DEAR MAMMA:—Having just returned to my native land, and receiving daily intimations of public receptions to be tendered the General and myself in the many cities through which we will pass on our way to the East, I take the liberty of requesting a favor, which I am encouraged to believe you will grant. It is that you purchase and send me at once one of those nice Dahmans to be had at Anderson's Bazar.

Yours very respectfully,

Mrs. F. S. GRANT.

#### Ten Hocks Answered.

Editor Herald:  
Your attention has been called to the Boda items that were printed in the HERALD, Sept. 17th. Some of them we think were quite correct. We will explain that the "rainless sugar bowl" mentioned was a cap instead of a hat, that has been in vogue for the past three months; but we suppose it was the first one that Ten Hocks had seen, from his remarks. But then how should he know the difference between a hat and a cap, considering that he has had that disease mentioned in the big-bend, for so long a time. It is reasonable to suppose that it has affected his sight and his brains also, as he is unable to see, but in other cases, he took a "poor way to help himself." He must not depend too much on the fact that Ten Hocks never has been beaten; he is inclined to "believe of the period" for not having been beaten is this, when she heard the intentions of some of her friends. She requested them to let him alone, she thought it wrong to strike a F.O.M. We will excuse Ten Hock on account of his ignorance this time, but do not rely on our leniency too much, or we might be more personally next time.

A FRIEND TO "THE GIRL OF THE PERIOD."

#### Sulphur Springs' Spree.

SEPHIR SPRINGS, Sept. 26, 1879.

Editor Herald:  
Hail! Hail! Hail! A hail storm passed through our little town Sunday, the 7th inst., doing considerable damage. Tobacco is completely ruined with the hail. The farmers are discouraged. The corn crop is damaged considerably by the wind.

Rev. T. J. Randolph preached his farewell sermon for the conference year at Mt. Vernon on the 19th inst., to a very large audience. May his work in the divine truth ever be crowned with success.

W. H. Coppinger, who is now teaching the New Baymus school, reports that he has a flourishing school. Hardin has a bright prospect in the future.

W. E. Baker, our energetic druggist, has just returned with a fresh supply of medicines. Tip is a clever young man—we wish him success.

Miss Amanda Acton, who has been visiting the family of her uncle, William Crawford, of Grayson county, the past month returned home Monday.

No more horse crawling at present. Cash visited our town recently. Look out, widow ladies. Uncle C. means business.

Prospects bid fair for another wedding soon, for we heard an old bachelor nurmur to his damsel the following:

My heart to you is given,  
Please give yours to me,  
We'll lock them up together  
And throw away the key.

Messrs. E. B. Medcalf and G. S. Mearns anticipate going West shortly. May the Boda's issue everywhere in triumph be the wish of OBANGE.

#### The Ohio County Fair.

The Ohio county fair commences at Hartford next Thursday, Sept. 30th, and continues five days. We understand the managers have made extra preparations this year, having built a new amphitheatre and made other additions to the grounds, and expect this entertainment to surpass any they have yet given. Their speed ring is an excellent one and their prize money liberal. Ohio county has earned an enviable reputation by her fairs heretofore, and all who have attended came away well satisfied. The railroad company have reduced the fare from Greenville and Intermediate points to one and one-half for the round trip, while similar arrangements have been made at Beaver Dam for transportation to the grounds. We have a goodly number of our citizens will take advantage of this opportunity of visiting our sister county next week.—Echo.

Heaven's First Law.

It is absolutely demanded that the mental and physical laws of our nature should be true, in equilibrium, and order must be recognized as fundamental, and a departure entails sickness, disease and death, as penalties. To be healthy, beautiful and buoyant, the whole constitution must maintain regular action in all its component parts. A female who imprudently exposes herself and becomes prostrated with headache, pain in the back, fever, irregular or suppressed monthly action with constipation and loss of appetite must be restored to regular action, must be revitalized, recuperated, at once, and for this very purpose nothing equals Dr. Druggist's English Female Bitters. It is prepared expressly for all such diseases.

Many pale-face individuals who reside near the swamps and still breed cess-pools of malaria are known to be sufferers from chills by their very appearance. They seem become chronic and are then almost impossible to cure. Such cases are easily and immediately cured by the use of Day's Ague Tonic, the most powerful antiperiodic and blood cleanser now before the public. It acts directly upon the secretions.

Though Shaking Like an Aspen Leaf

With the chills and fever, the victim of malarial fever will find relief in the celebrated specific, Hostetter's Stomach Bitters, which not only breaks up the most aggravated attacks, but prevents their recurrence. It is infinitely preferable to quinine, not only because it does the business far more thoroughly, but also on account of its perfect wholesomeness and invigorating action upon the entire system. Testimony is abundant, positive and ample showing the decisive nature of its effects, and that it is no mere palliative. Physicians concede its excellence, and there is a constant influx of communications from persons in every class of society avouching its merits, and bearing witness to its superiority over other remedies for malarial disease. It is especially popular throughout the West, wherever fever and ague prevails, as it does in many of the fairest and most fertile portions of that vast region.

## TUTT'S PILLS

are extracted from Vegetable products, combining in them the Mandrake or May Apple, which is recognized by physicians as a substitute for calomel, possessing all the virtues of that mineral, without its bad after-effects.

### AS AN ANTI-BILIOUS MEDICINE

they are incomparable. They stimulate the TORPID LIVER, invigorate the NERVOUS SYSTEM, and give tone to the DIGESTIVE ORGANS, creating perfect digestion and thorough assimilation of food. They exert a powerful influence on the KIDNEYS and LIVER, and through these organs remove all impurities, thus vitalizing the tissues of the body and causing a healthy condition of the system.

### AS AN ANTI-MALARIAL REMEDY

They have no equal, and as a result act as a preventive and cure for Bilious, Remittent, Intermittent, Typhoid Fevers, and Fever and Ague. Upon the healthy action of the Stomach, depends, almost wholly, the health of the human race.

### DYSPEPSIA IS THE BANE

of the present generation. It is the cause of this disease and its attendant, SICK-HEADACHE, NERVOUSNESS, DEPONDENCY, CONSTIPATION, PILLS, &c., but

TUTT'S PILLS

have gained such a wide spread reputation. No Remedy has ever been discovered that acts so speedily and gently on the digestive organs giving them tone and vigor to assimilate food. This being accomplished, of course the

NERVOUS SYSTEM IS BRACED, THE BRAIN IS NOURISHED, AND THE BODY ROBUST.

Being composed of the juices of plants extracted by powerful chemical agencies, and prepared in a concentrated form, they are guaranteed free from any thing that can injure the most delicate person.

A noted chemist who has analyzed them, says "THERE IS MORE VIRTUE IN ONE OF TUTT'S PILLS, THAN CAN BE FOUND IN A PINT OF ANY OTHER."

We therefore say to the afflicted Try this Remedy fairly, it will not harm you, you have nothing to lose, but will surely gain a Vigorous Body, Pure Blood, Strong Nerves and a Cheerful Mind.
